Milford, Illinois

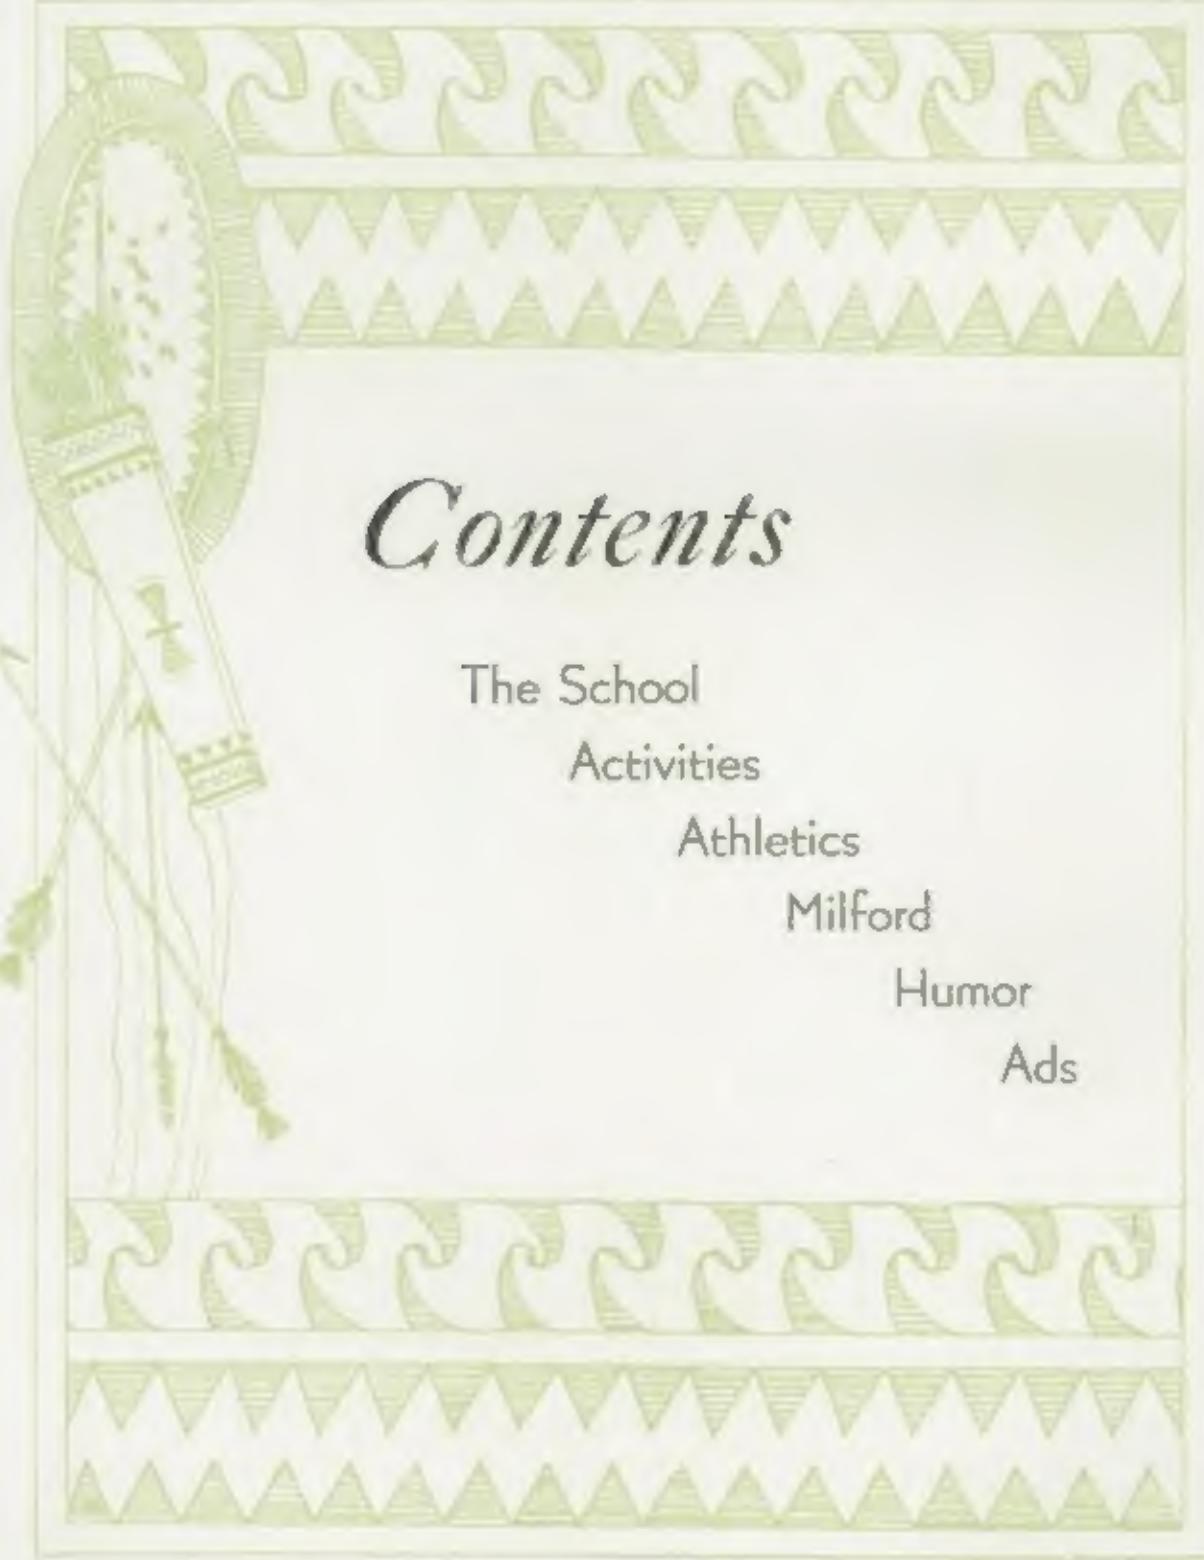

Foreword

In preparing this annual we, the members of the staff and the Senior class, have striven to place before those who are interested the many phases of our high school life. May this volume of the Reveille bring you pleasant memories in future years. We wish to thank all who have helped to make this book a success. : : :

Dedication

—And, to the village of MILFORD, which has made possible the publication of this book and which has given us the schools for a proper education that we may be prepared for the great future before us—as a last momento of the class of '31—we, the members of Senior Class, dedicate this 1931 volume of the *REVEILLE*.

Senior Class History, 1931

In 1927, a class of forty entered Milford Township High School as Juniors. It was all quite new, but it wasn't long until we fell into the swing of high school life. We elected class officers and Miss Mason was chosen as our class mother. Our first party with the Juniors. You can imagine our delight.

Then next year we returned and were safely guided through the year under the direction of Mr. Schrader, our class advisor. This year we had a party with the Seniors and were ever present at school activities.

Then, as Juniors, we came to school with a great problem facing us—entertaining the Seniors with a Junior-Senior banquet. First, we must finance it. This was done by selling the usual "dogs, pop, and coffee" at the football games by selling magazines and by staging local basketball games. The Juniors and Seniors spent a very enjoyable evening in Danville, May 16, 1930. A delightful dinner was served at the Grier-Lincoln Hotel. This was followed by a dance party at the Fischer Theatre which was showing Marilyn Miller in "Sally".

Our success as a Junior class was, perhaps, due to the able guidance of our class advisor, Mr. Ellis.

In September, we came to school as Seniors. Now, we are facing a greater problem—the publishing of the "Reveille." If it is the cooperation of every student and the help of our advisor, Mr. Steele, we are sure it will be a success.

—PEARL ALLEN, '31

1928—Junior Class History—1932

On the first of September, 1928, about forty little boys and girls entered the doors of M. T. H. S. At first they were teased and kicked about and called green "freshies". But after a short time it became evident that they were not quite as green as they had been considered.

Immediately some of the boys went out for athletics and became a great help to their team. We also contributed some good material for the glee clubs.

With the help of Miss White, our advisor, we gave a very successful Christmas Party.

The next year when we returned as Sophomores we again furnished several men for the football and basketball teams.

Around Hallowe'en we gave a box social. This was something new and every one had a very enjoyable time.

Mr. Schrader, our advisor, helped us give two parties. Guests were invited to both parties.

This year we again returned to M. T. H. S., but we are a bit more serious than before. We now have a serious problem before us—the Junior-Senior Banquet.

Under the leadership of Mr. Schrader, who again was elected our advisor, we have managed to give a carnival. It was given for the purpose to raise money for the banquet and it has successfully accomplished its purpose.

FRESHMEN

CLASS OF

1929 Sophomore Class History 1933

In September, 1929, we, the class of 1933, passed thru the doors of old M. T. H. S.

We were harrassed and made fun of by the upper-classmen and often referred to as "green frosh." Somehow we withstood all of this abuse and settled down to take part in the activities of our school.

On November first, advised by our class advisor, Miss Liggett, we had a Hallowe'en party in the gymnasium of M. T. H. S.

With the help of our class advisor, we were able to be represented in almost all of the branches of our school activities. When the call came for material for the glee clubs, we responded very readily. Several of our members took very prominent parts in the high school operetta. We were well represented in the school orchestra. We also had students in the high school declamatory and vocal contests. Several of our number entered athletics, and we had one letter man.

We profited very much by our association with our fellow classmen during our first year and left old M. T. H. S. to return in the fall of 1930 as sophisticated sophomores.

On September 1, 1930, we again passed thru the doors of old M. T. H. S. to begin another one of our happy school years.

This year we again took part in the school activities. We were well represented in the glee clubs, and several of our classmen held leading parts in the high school operetta. When Coach Prosise called for athletes, several of our boys responded. We also had six letter men. Some of our number were in the high school band and orchestra and in the declamatory and vocal contests.

We have enjoyed our first two years at M. T. H. S. and have profited by our associations with our fellow students. We are looking forward to our future school years.

1930—Freshman Class History—1934

On the first Monday in September, forty-two freshmen trod the halls of old M. T. H. S. We were certainly "green," but we soon entered into all the activities of the school with good results.

We had a good showing in athletics, having several letter-men in football and in basketball. In the inter-class tournament, we were successful enough to win second place, the seniors beating us by a small margin.

We were well represented in the musical activities of the school. A number of our class were in the glee clubs, and two of them took leading parts in the operetta. In the school band, which was organized this year, we had five members.

In the public speaking elimination contest, two freshmen took first place in humorous and dramatic declamation. They represented their school in the other contests which the school entered.

The school was also represented in piano solo by a freshman.

We have enjoyed our associations with the students and faculty in the school, and we are looking forward to our next three years in M. T. H. S.

Le Cercle Francais

The French Circle was reorganized in September under the direction of Miss Davidson. Faye Thomas was elected president and Ruth Warner was elected secretary.

It was decided to hold a meeting of the club once a month. At the first meeting, the second year students acted as hosts to the first year class.

The purpose of the club is to encourage the use of the French language, to discuss French customs and manners and to become acquainted with the French literature.

SPQR

When the Latin club was organized this year, the members christened it the "SPQR." The club is a composition of two classes of members: the "Cives": those who are now studying Latin, and the "Coloni," those who have already studied the language.

The "SPQR" officers are as follows:

PRIMUS CONSUL (President).....	KATHRYN FLEMING
SECUNDUS CONSUL (Vice President).....	MARY SPURGIN
QUAESTOR (Treasurer).....	IDA COHEN
CENSOR (Roll Call).....	VIRGINIA KELLY
PRAETOR (Judge).....	Miss WHITI

The motto adopted by the club was: "*Labor omnia vincit*"—Labor conquers all.

A play was presented at the first club meeting by the members of Latin I class, entitled "Victoria Matris."

The programs were composed of short talks and discussions on phases of Roman life and literature.

The Home Economics Club

The Home Ec. Club was organized at the beginning of the year. With Miss Jones, our new advisor, we selected Pearl Allen, president, and Marie Duis, secretary and treasurer.

A contest, which was not only interesting but something entirely new, was held. There were two sides chosen, with Ruth Warner and Marie Duis acting as leaders. The object of the contest was to decide which girl could make the best doll dress and outfit from a given pattern. The cost was not to exceed fifty cents.

At the close of the contest a party was held. Several of the teachers acted as judges. Many games were played, and just before going home, refreshments were served.

The winners of the contest were as follows:

Marguerite Judd—First prize

Mildred Schaumburg—Second prize

Dorothy Peck—Third prize

The Ag. Club

This club was formed in September with Mr. Schneider as the instructor. At the first meeting all the new members were initiated and we had a picture show.

The club consists of the boys that have taken Ag. and the boys taking it at the present time.

We held a rat tail contest to see who would put on a peanut banquet. Robert Finch's side won and the losers bought the peanuts. The banquet was held in December. Before the banquet we had a grab bag and a picture show. After that we went to the gym where we had the banquet. It was a big success from every point, and the boys enjoyed it very much.

The club meets twice a month. At the first meeting we have a show and entertainment. The second meeting of the month we aim to discuss some farm problem or give talks about farming.

The Ag club beat the rest of the school in a game of basketball, 22 to 20. In this way we raised enough money to get our page in the annual.

Social Science Club

The Social Science Club was organized under the direction of Miss Hahn in October. A meeting of the club was held twice a month. Any student taking history, geography, economics or civics was eligible for membership.

In November, a debate was held on the question of prohibition of liquor traffic. Ward Jarnigan, Boyd Clark and Cliffore Lehman debated in favor of repealing the 18th Amendment and Francis May, Grace Thompson and Faye Thomas in favor of keeping and enforcing the amendment.

This club has been active and successful this year, but it expects to do many greater things in years to come.

The Commercial Department

Our enrollment this year which is eighty-five, determines the prominence of the Commercial Department.

Thorough training in typewriting, shorthand, and advanced dictation, filing, constructing, and arranging letters attractively, duplicating, recording and tabulating make up this department. A year is given to elementary bookkeeping. A Certificate of Proficiency is awarded to the students after they have finished two complete budgets at the end of the second semester.

Each year a contest is held in the spring and students having the highest speed in typing I and II are represented in this contest. Students having the highest speed in dictation in shorthand I and II are represented in this contest.

Two other branches of the Commercial Department are the Commercial Law and Business Arithmetic classes. These are both one semester subjects. In Commercial Law they have devoted their time to studying of contracts in general, sales of personal property, bailment, agency, partnership, and corporation. In Business Arithmetic they are taking up fundamental processes, rapid calculation and short cuts for multiplication, addition, and subtraction.

After two years' course of business training the graduate is prepared to enter any office and do general office routine.

Girls' Glee Club

The Girls' Glee Club is under the direction of Miss Davidson. At the first meeting of the club, Dolores Thompson was elected secretary. All girls in high school may join the club and participate in the operetta that is given by the club each year. During the first part of the second semester, twelve girls are chosen to take part in the contests held in the spring. First the girls participate in the sub-district contest at Watseka. Later the winners go to the district contest at Normal and then the state contest at Macomb, Illinois.

The contestants in the chorus are as follows.

Boys' Glee Club

When Miss Davidson, our new instructor called for try-outs, approximately twenty boys responded ready to do their best. After setting a date for the Operetta, both the glee clubs went diligently to work. On December 18, 1930, under the direction of Miss Davidson and Miss White, we successfully presented to the public, "The Gypsy Rover," a romantic musical comedy in three acts.

After the Christmas Holidays, preparations for the Spring contests began. The club was limited to twelve boys. They are as follows:

Gayle Fielding
Rudolph Lucht
Malcolm Rothgeb
Eldo Shouller

Henry Hartberg

Alumni Entertains Seniors of '31

The annual Alumni banquet, held December 27, 1930, was the tenth annual banquet for those who have left their Alma Mater, their guests, and seniors who will soon become leaders in this great annual feature.

The banquet was held Saturday evening, December 27, 1930, at the R. N. A. Hall. Graduates of M. T. H. S. from far and near enjoyed a delightful evening together. There were new acquaintances made and old ones renewed.

George Williamson, president, made a very effective leader and steered the association into a very successful year.

As the people were being seated, the eight piece orchestra played "The Overture." The lights were then extinguished and the benediction was offered by Mr. Edith Williamson Sprague of Paris. The president then officiated in a candlelight ceremony commemorating the years of association at the reunion. He then introduced the toastmaster for the evening, Attorney Stephen Malo, of Watseka.

Between the courses of the dinner a delightful entertainment was given by home talent. Several members were called upon for speeches.

Each year there is a cup given away to the class having the largest percentage of its members present. This year it was won by the class of 1891, having twenty-five percent of its members present.

After leaving the R. N. A. Hall, the party proceeded to the Legion Hall where music was furnished for those who wished to dance.

President—NOLA BENSON

Orchestra

The Milford Township High School Orchestra was organized at the beginning of the year with about twelve members. Since the organization of the band our orchestra has greatly increased with a greater variety of instruments.

The students are awarded each year with a trip to Chicago. Last year, we saw "George White's Scandals," in addition to the trip and dinner. The money is obtained by selling candy at football and basketball games and during the noon hour. There are a greater number in the orchestra than there were in the preceding years, but the usual trip will be taken probably sometime in the early part of the spring.

The orchestra plays for the Baccalaureate services, Class night, Commencement and various other things. It not only furnishes music for various high school activities, but it also helps the pupils to learn music and get used to appearing before the public.

This year's orchestra has the best outlook for a successful year.

School Band

The School Band was organized in September under the direction of Professor O'Toole. He received a degree from New England Conservatory. For the past three years he has been directing and teaching school bands. Mr. O'Toole is highly pleased with the Milford School Band.

After receiving nine lessons, a fine concert was given at the Methodist Church on February the twelfth. The lessons are given during the school hours. The entire group have rehearsals after the dismissal and also in the evening. They are practicing for the concerts which will be given in Milford by the band during the summer months.

The members of the Band are deeply grateful to the Board of Education for giving us the privilege of acquiring a Musical Education.

M. T. H. S. Trophy Display

This picture represents more than a mere likeness of cups, banners, or trophies—it represents the abundant school spirit necessary to bring honors in the athletic and literary fields. This display makes any student proud of ole M. T. H. S.

The Literary Department

In February, the public speaking class was organized under the direction of Miss White and Miss Gillfillan. The attraction in this field must have been great for many students came out for the contest. The preliminary contest was held at the high school March 10. Eleanor Wood won first place in dramatic reading and Pearl Allen took second place. In humorous reading, first place was awarded to Edna Burger, second place to Dorothea Finch. Warren Hartberg and Edna Burger took first place in oration.

Dorothea Finch received second place in humorous readings at the county contest held at Wellington, Illinois.

Warren Hartberg received third place in orations at the county contest held at Loda, Illinois.

Contestants at the local contest were as follows:

Humorists

Edna Burger—Peter Projects
Dorothea Finch—Over the Parlor
Edna Burger—Lebec's Journey
Alice Proctor—A Family Picture

Dramatics

Eleanor Wood—"Bobby Unwelcome"
Pearl Allen—"Little Dub"

Senior Tribute

To Helen C. White, we, the Seniors, strive to press our deep gratitude in appreciation of her faithful work and sincere friendship with the Class of '31 during the three years of her teaching in Milford Township High School. But the most beautiful words are poor medium to express the unlimited admiration held by the Senior Class for our friend and teacher, Miss White.

SEPTEMBER

It was in mild and cool September
When the young and silly members
Came to school

The sidewalks and green grass
Were dotted with members of the Fresh-
man Class
And sophisticated Sophs

The Seniors dignified, and with their
proud air
Collided with the Jolly Juniors every-
where
Then came the faculty

The teachers old and new
Told us what to do
Then school began

OCTOBER

October brought the football playing
The games left beginners weak and lay-
ing
On the ground

The Seniors were too old and dead
So the underclassmen went out instead
And did the best they could

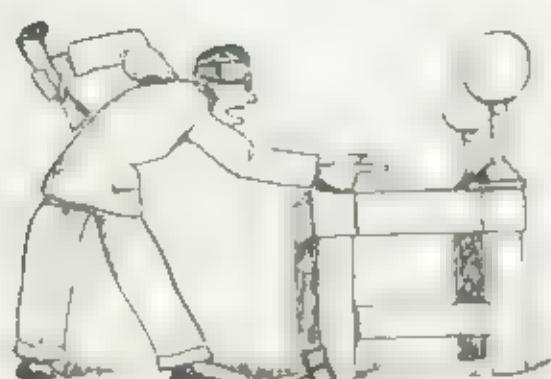

And here is a good reason
That the end of the season
Spelled Defeat

NOVEMBER

The band was organized November thir-
teen
And later the result was seen

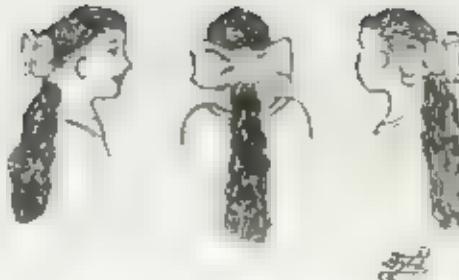

In a band concert

Social Science Club debated November
twenty-one
The subject was prohibition, pro and con
The affirmative won

And teachers went to jail

All the girls went out for gym
Dressed in suits so neat and trim
And played basketball

DECEMBER

Staff was elected and Senior pictures
bought
Reverille sold and advertising sought
Then the work began

Christmas came and vacation too
December 27 the Alumni banquet was due
And we all went.

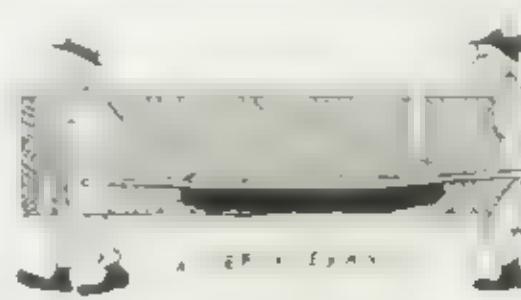

During the vacation all had fun
But they dreaded what was to come
Semester exams

SENIOR HAVING PICTURE TAKEN

JANUARY

Jan. 6 we came to school once more
Resolutions were made as before
To be good.

The photographers came again
In all the hail, snow and rain
And took snaps

Doll dresses were made by the gifted
hemmers
And prizes were given to the lucky winners
At the Home Ec. party

A party was given by the school
And as was the usual rule
We had fun.

ELM

FEBRUARY

Dr. Enthusiasm came with pep pills
And a talk that was full of thrills
And gave us pep

Two speakers came to school
And their talks were as a rule
Very good

The new school was voted on
And after the counting was done
We were happy

The Seniors had a food exchange
And people come from every range
And bought food

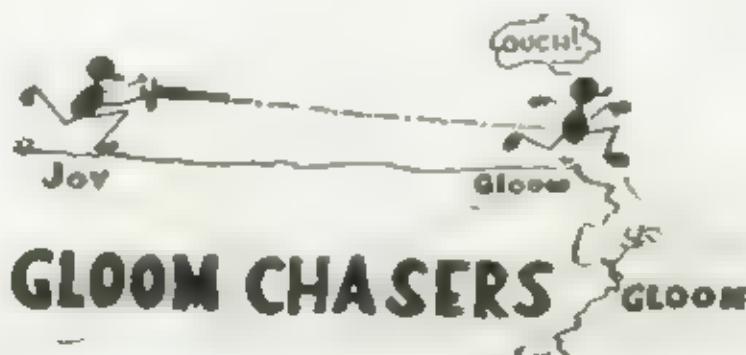

MARCH

Every school enthusiast went
To the girls B. B. tournament
To see them play

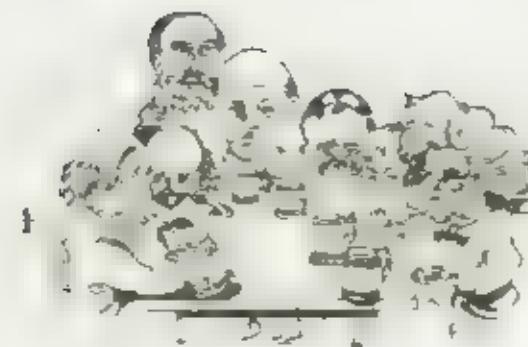

The call for contestants came
And the students who were game
All went out

A speaker came to talk to us
And in his speech he made a fuss
On one arm driving

The coach gave a call for track
Did anyone who could creep, or walk
stand back?
Oh, no!

Inter-Class Tournament

The drawing took place for the girls' basketball tourney, after school Friday. The Seniors drew the Juniors, and Sophomores drew the Freshmen. The date of the games were decided to be on Tuesday and Wednesday, the twenty-fourth and twenty-fifth of March, the first games on Tuesday, and the finals on Wednesday.

The Freshmen and Sophs came out on the floor at 7:15, ready to go. Miss Jones acted as referee throughout the games. The Sophs looked the best and they turned out to be the best. For they piled up a score on the Freshmen so they could never catch up. Woods starred for the winners.

Following this game the Seniors and Juniors came out ready to begin their battle for supremacy. It happened to be a close game, but finally the Juniors got lucky, and went to lead by a margin of four points. Seniors got another basket and free throw and the game ended with Juniors winning by a small margin of 1 point. Allen and Thompson starred for the Seniors, and Dahlquist for the Juniors.

The following night the Juniors played the Sophomores for first honors. The Juniors played a good game and went out and won by a small score. The Seniors overpowered the Freshmen to win third place.

School Spirit

The following lines will be a slight dissertation upon school spirit in the Milford Township High School during the school year 1930-31. School spirit is that intangible something that enters the blood stream of all who participate in school activities. It is that indefinable source of energy that fosters all progressive movements, and has been experienced by all true loyal school enthusiasts. Some of the student body were afflicted in a much greater sense than others, and some were quite immune from the "Spirit of Milford" throughout the year.

The athletic department seemed to suffer more than any other activity, which was probably due to the lack of interest shown by a few of the leaders of the school. The purple suffered a disastrous football season, which no doubt was a great factor in administering the funeral rites to part of the pep in the student body. However, due to the good work of a few staunch supporters and school spirit addicts the pep is regaining its foothold, and is once more spreading its germs through the human system.

Some of the activities proved to be more popular than others, which can be explained by the difference in tastes and desires of the student body. The Operetta was patronized widely by the pupils, and was quite a success. It perhaps didn't represent all the red blood talent of the school, but it did show a student interest in a school movement, which was gratifying to a great degree.

The enthusiasm and pep of the school is passing through that period of history known as the Renaissance. It is coming back and taking on new life. It is beginning to take the form of new energy. A band has been organized, and an orchestra is getting under way. A new addition to the building will soon be completed. All due to the initiative of the school board and our principal, Mr. Steele. With a new school, a new band, a new orchestra, the purple will soon be flying at high mast again. "Let's go, Purple; be 100% Active."

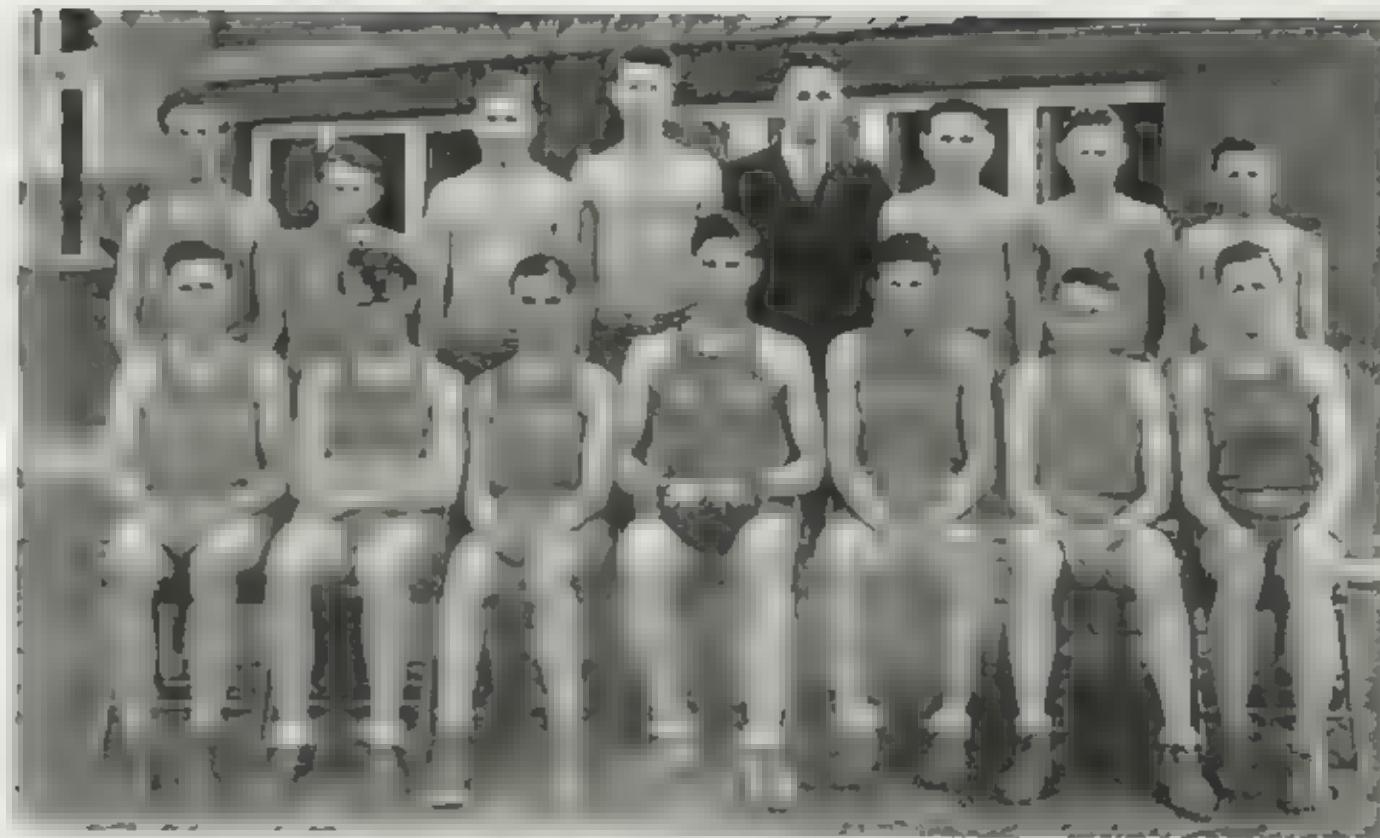

Football Summary

School had started, and the echo of the football season was heard throughout the school. Many turned out for practice, including a few of our lettermen. All went well in practice under the guidance of our new coach, Mr. Prosise. Then came the first game of the season, the Momence game. We were going at full force, almost sweeping them off their feet, when they got a lucky break and ran for a touchdown. With the score ending 6 to 0, we met our first defeat of the season—a hard one to take.

After lessons on training by the coach and Mr. Steele, a few of our outstanding players quit and we had to go through and reorganize the team. More unexperienced players were put in the positions. But under the good piloting of Captain Beaver, we went through the season, always in the hands of defeat.

The outlook for next year seems a little better since about all the men have had some experience in the football line and should show some outstanding playing. Out of the squad there goes five letter men, all of whom were responsible players and were capable of holding down their positions. Beaver (Captain), Jarnagin, Shoutler, Dahlquist, and Geddes will not report for practice next year. Many of these boys will leave dear old M. T. H. S. in the path of tears, for they love to take part in the sport of sports—FOOTBALL.

Basketball Summary

Basketball being a speedy and skillful game, many of the boys turned out to get a few pointers from our new coach, Mr. Procise. Under the speedy guidance of Captain Dahlquist, we went out for a hard practice. The following week-end we rounded up by defeating Watseka, our old rival, by a small margin.

In the Whippet Six Tourney we played Wellington the first game and won. Then we were defeated by Loda by one point; we finished by defeating Stockland for third place. Beaver, playing forward, landed on the all-star team with a forward berth.

We played in the Hoopeston invitation meet but did not make a very good showing, losing our first game up against the strong Potomac five. We put in a couple of good weeks of practice and prepared ourselves for the Iroquois County Tourney. In the opening game, we defeated the strong Chesbanse team, who, it was supposed by the handicappers, would win, and beat the Cissna team, winner of last year's meet. We played a good defensive game and beat them by a few points. Then we played Watseka, but Watseka took home the bacon. Watseka won the Tourney. In the latter part of the season, the District Tourney was held in Hoopeston. Armstrong carried off the honors.

And now, hearing the echo of track throughout the school, we cast aside our suits of purple and white and prepare ourselves for the year's next adventure in sports.

Girls' Gym Class

Our active gym class of this year was organized under Miss Sloter and Miss Jones. We have our meetings weekly, and roll call is taken which averages about forty.

The Seniors are working for a letter and the under classmen for a numeral. We must have a total of points amounting to four hundred by keeping a health chart for a two four-weeks' period, and other activities as walking, skating, and organized hiking groups. We must also pass a posture test.

Our main activity has been basketball. Teams were chosen by the instructors for two public games. A class tournament is scheduled for the public, which will determine the leading class in basketball.

Baseball and track will be taken up later.

The Senior girls feel very grateful to Miss Sloter for the four years of valuable athletic training to them.

MILFORD

1830

1930

The town of Milford meaning Ford at the Mill, is one of the oldest settled townships in Iroquois county. Thus, the settlement is historically interesting

The earliest known settlement in Milford was in the spring of 1830. Sam Rush, thought to be the earliest white settler, built a small log hut in the timber on the banks of Sugar Creek. After a few weeks, he was joined by Robert Hill and Elisha Miles and in the fall of 1830, by Anthony Stanley and family of Ohio

The winter of 1830-31 was very severe. The heavy snows and strong winds made traveling impossible. The country was snowbound for the greater part of the season

In the spring of 1831, the settlers were joined by Asa Thomas and family and William Thomas of Maryland

In spite of the hardships of a frontier life, the settlement grew. Log cabins were constructed for homes, and small lots of ground were cultivated. Chancy Webster, a farmer, spent his extra hours as preacher to the small settlement. The fearful Indian whoop, or terrifying howl of wolf or panther were only examples of the pioneer life

Indians swarmed the country in great numbers. Chief among them were the Pattawatomies and Kickapoos. Although friendly, peaceable tribes, their uncouth manners and strange appearance gave the people a feeling of unsociability about them

MILFORD

1830

1930

The Kickapoos were a religious tribe. Regular services were held on Sunday in Crab Apple Grove, now in Stockland, to which the whites were invited. After the services, big Indian dinners were served, followed by various games. The whites participated in the events in order not to offend their neighborly brothers.

Among the Indians was Chief Washeuck, a fighter under Harrison at the battle of Tippecanoe in the War of 1812. This chief had been wounded in battle, Harrison had presented him with a horse and the chief was often seen riding about the country.

As more pioneers came westward the Indians were pushed on to the West. The tribes about Milford began to leave in the years 1831-1833. The Pottawatomies had left by the fall of 1833. The Kickapoos did not go until 1834. In the 1834's, there were four thousand Indians at one time stationed on a field south of Milford waiting to receive the government pay for their lands which they were to receive by treaty stipulations.

The present town of Milford was laid out in 1836. At that time Iroquois county was a part of Vermilion county. The settlement had grown in size and progressed along with the rest of the country. Two epidemics struck the town. The first, the cholera epidemic came in 1854. Houses were burned in an attempt to stop the disease. However, sixteen of the inhabitants died. In 1866 an influenza epidemic swept the country. It was not so severe on Milford as that of 1854.

MILFORD

13

13

In 1841 the Methodist Episcopal Class was organized. This was the first religious service held in Milford. Meetings were held at the John Nelson home, the Reverend Elihu K. Springer in charge.

The first school house was built in 1836. It was a single room with a single window, a school room and a public hall until 1854 when it became the blacksmith's shop. A new and larger building was then erected in 1855. A brick school house was constructed at the approximate cost of \$10,000.00, one thousand dollars and an additional thousand dollars for school equipment. At that time, two hundred students under twenty-one years of age out of a possible three hundred in Milford Township were enrolled in school.

Thus, Milford has grown through a various changing and improving process until the present time. It is a progressive and one of the real live and progressive towns in the State. It is said that Milford has more paved streets than any town of its size in the state, and its beautiful park and play ground of one acre is an outstanding feature of the city's pride. The Cemetery is another spot to which we point with pride and all the world knows that Milford has the largest Corn Canning Factory within its domain. It is a fact that corn may be taken from the field in the morning and be on its way to California by night.

We have one of the very best Public Libraries to be found anywhere. In the library will be found between twelve and thirteen thousand books, and it is a great benefit to the community. Our Township High School which is to be enlarged, will, when completed, be one of the very finest and best in Eastern Illinois. The Grade Schools are in keeping with our other marks of progress.

The Farming community around Milford is rich in its resources. The city is well represented by well kept and varied stocks. Milford has two churches, the Methodist and the Christian, one Newspaper, the Herald News, and a real live Chamber of Commerce which carries on and keeps the name well before the outside world.

Our citizens are progressive and alert as to the interests of the city and the community's welfare. Just now a Big Home Coming Week is in the making for the week of August 16th and invitations are being sent to the four corners of the earth asking all former residents to come home at that time, and, in as much as it is rather the hundredth anniversary, it no doubt will be much in keeping with the usual style that Milford puts on her public events.

Milford is a good town, it is possessed with fine people; we like to live here and we know if you are seeking a place to live that you, too, will like Milford.

In battle or business, whatever the game
In law, or in love, it is ever the same;

The victor is he who can go it alone.'

Constantly Searching

Established 1801

For centuries astronomers have looked to the skies searching for new worlds, comets, and stars. Aside from their exciting research work, they have learned much that is of practical scientific value.

Similarly, in the field of student publications, the Indianapolis Engraving Company searches constantly for new ideas, plans and methods that will assist various staffs to publish successful books characteristic of their school and community. The results of these efforts are gratifying.

Thinks he's every girl's last hope
But if the fact is to be had
I'm sure we would all be glad
To see his neck stretching in a rope

Miss White has her history, we know
Teaching Latin as well as boy
When will it come to pass
That teachers will not task
Things that the children know

Wills of Millionaires all remind us
We can make our lives exciting
And departing leave behind us
All our wives' relations figuring

"TICKLERS"

Miss White—Do you know who Nicholas Longworth's wife was?

Leonard Laird—"Mrs. Longworth."

Miss Gilliland—"Which short story did you like best, Grace?"

Grace Thompson—"My First Shave."

Clifford L.—"You can't imagine how much fun we have at husking bees on the farm."

Florence H.—"How in the world do you husk a bee?"

Russell Hibler—"When I was young the doctor told me that if I didn't stop smoking I would become feeble-minded."

Ruth W.—"Well why didn't you quit?"

Miss White—"Why did McClellan lose in his drive on Richmond?"

Dolores T.—"His supporters failed to arrive."

Miss White—"What did Howe carry as the symbol of peace?"

Charley G.—"The fig leaf."

Pearl Allen—at dramatic meeting)—"Bread, bread!" she cried."

And the curtain came down with a roll.

Miss Hahn—"By the way, Leneva, what is a fig?"

Leneva Davis—"A little bag of skins full of periods."

Edna Burger—"What did I get on the test?"

Miss White—"99."

Edna—"Ah, did I leave out a period?"

Harold O.—"Oh no, what bothers me is the answer."

Taken from a general science text book—"All green things absorbs carbon dioxide and grow." (Cheer up, Freshmen.)

* * *

Grandson—"Have any of your childhood ambitions been realized?"

Grandfather—"I should say so. When my mother used to cut my hair I always wished I didn't have any."

* * *

After living for several years in the city, the Kelley family comes to the smaller town. William is sent to the grocer.

Bill (looking in the display window)—"How much are your beans a string?"

* * *

Miss G.—"What is a ballad?"

Norman P.—"A ballad is a piece of paper you vote on."

* * *

Leonard Laird—"If a boy knowed all this, it would be twice as easier."

* * *

Gladys C.—"She married a Frenchman."

Winona R.—"She didn't either. She married a farmer."

* * *

Evelyn F.—"Come on. What are you looking for?"

Kathryn F. (running around in a circle)—"Oh, I've lost my chewing gum."

JOKES

Peyton had just informed the agent that he wanted a berth on the train. "Upper or lower?" inquired the agent. "What's the difference?" he asked. "A difference of fifty cents," replied the agent. "The lower is higher than the upper. The higher price is for the lower. If you want it lower, you'll have to go up." Most people don't like the higher, although it is ~~lower~~ ~~higher~~ ~~lower~~ ~~higher~~ ~~lower~~ ~~higher~~. The upper is lower than the higher because it is ~~lower~~ ~~higher~~ ~~lower~~ ~~higher~~ ~~lower~~ ~~higher~~. But Peyton had fainted.

Have you seen Tom Harper's new musical hat?—It has a band on it.

"There seems," said Ida, "there seems to be a strange affinity between a colored man and a chicken."

"There's nothing strange about it," smiled Frances. "One is descended from Ham and the other from Noah."

Miss G.—"Russell, did your father write this essay?"

Russell H.—"No, Ma'am, he started it but mother had to finish it."

Percy and Charles were telling about their abilities to hear and see.

Percy, "Do you see that barn over there in the horizon?"

Charles—"Yes."

Percy—"Can you see that fly walking around on the roof of that barn?"

Charles—"No, but I can hear the shingles crack when he steps on them."

Charles considered himself a humorist. He sent a selection of his original jokes to the Reveille editor and confidently awaited a remittance. His excitement ran high when he received a letter, obviously from the editor. He opened it with feverish haste. There was no check however, just a small note as follows:

Dear Sir: Your jokes received. Some we have seen before: some we have not seen yet!

Warren Hartberg—"What effect does the moon have on the tide?"

Helen Smith—"None, it affects only the untied."

Craftsmanship —

The typographer who senses the subtle characteristics of Typographic design, in both lettering and ornamentation, will assuredly experience a joy in the composition of unique printed pieces which carry a new note of handiwork and craftsmanship that stands quite apart from the monotonous deadness of the prevailing conformity to tradition. Such work is always very refreshing and is of more than ordinary benefit to the business that it serves

The Interstate Printing Company

Is fully prepared to supply the advertiser or user of commercial printing, who seeks something out of the common in typography that portrays a quality characteristic of the subject, or to make a typographic style strikingly different from the usual kind that you receive
